DESIGN & ANIMATION

*Animation that unveils
inspiring stories.*

ABOUT US

Restless, creative, enterprising, ambitious and adventurous, that's who we are...

From our base in Buenos Aires, Argentina, we built **QueRuede**, a distinctive design and animation studio.
An intergalactic spot from where we craft animated pieces in order to connect with other people.
Our goal is not to make "cool videos", but to use our instinct and experience to guide our clients towards meaningful and unforgettable moments with their audiences.
