ABOUT US

We are Mulata Films*, an Argentinian integrated production company that has been generating innovative audiovisual formats for the last twenty years. And if you think that was kind of pretentious, wait to hear this: we are a group of young creative, passionate, and self-demanding professionals -some of us young-spirited at least-, that really enjoy working together and making the best out of every opportunity we get. Our clients seem to be very happy with the results and people tend to like what we do... so in some mysterious way it works! And that definitely makes us shiny happy people.

We believe in new ways of story-telling to offer cultural and educational contents in an entertainment context. We won the Japan Prize and had been nominated five times to the Emmy Awards.

FICCIÓN HISTÓRICA_2023

8X30 ^ _ CANAL ENCUENTRO/ TV PÚBLICA

Es una serie de ficción histórica y de investigación, que revela el trasfondo de algunos de los asesinatos políticos más violentos y significativos de la historia latinoamericana.

En cada episodio, un equipo creativo indaga acerca del magnicidio de una figura relevante de los últimos 300 años: Tupac Amaru, Bartolina Sisa, Manuel Dorrego, Emiliano Zapata, Gral Valle, Ernesto Guevara, Salvador Allende y Marielle Franco, buscando entender el contexto en el que ocurre y los porqués detrás de cada asesinato, mientras construyen una serie de puestas escénicas ficcionales en las que exploran el perfil de cada figura y recrean las circunstancias clave que los llevaron a su muerte. ¿Por qué estos personajes fueron y son todavía tan relevantes? ¿Por qué eran peligrosos sus ideales o sus luchas? ¿Y para quiénes?
